MELBOURNE WATERWAYS PHOTOGRAPHY CRUISE

Capture Melbourne from the best angle onboard this luxury 3hr cruise

View Melbourne from a perspective that most don't get to enjoy, and take a relaxing cruise around Melbourne's waterways. Take in the sights of Docklands, the commercial port with large container ships, Melbourne city, historical bridges along with bird and marine life.

Our experienced Melbourne photographer Benjamin Eriksson is on hand to offer advice and encouragement to everybody's needs and welcomes any questions, whether you're a complete beginner or more advanced.

This photography cruise is ideal for the beginner photographer through to the advanced photographer. Our cruise offers everyone 'a different perspective and something a little different from your everyday'.

Onboard you are treated to a complimentary coffee or tea on our sunrise cruise or a beer, wine or soft drink on our sunset cruise. We will also have some pastries for our sunrise cruise and cheese platter on our sunset cruise for everyone to enjoy.

While we can never guarantee a big colourful sunrise or sunset, we do get our fair share of amazingly colourful skies and being on the water the reflections can be stunning on calm mornings or evenings.

Like no other cruise, we actually stop and allow time for you to capture Melbourne's magnificent views.

This cruise is limited to a maximum of 20 people to ensure all participants are comfortable and can freely roam around vessel.
